

Guilford County Schools offers all full-time employees a comprehensive Cafeteria Benefits program. The Cafeteria Benefits program is arranged by Mark III Brokerage, an employee benefits firm that has worked in the public sector for the last 35 years. The Cafeteria Benefits program allows you to pay for certain insurance premiums, dependent-care, and non-reimbursed medical expenses before taxes are taken out of your paycheck. Paying for benefits by this method reduces your applicable FICA and income tax withholding resulting in increases to your take home pay. The Cafeteria Benefits program includes pre-tax and after-tax products.

- Short Plan Year is from October 1, 2008 thru December 31, 2008.
- New Plan Year is from January 1, 2009 thru December 31, 2009.

A Mark III representative will be conducting individual enrollment meetings at all locations.

Flexible Spending Accounts allow you to use pre-taxed dollars towards health care expenses such as prescription and over-the-counter medication, certain medical procedures, copays, and more. With Flexible Spending Accounts (FSA), you can save a significant amount of money on your health and day care expenses using a Health Care and/or Dependent Care Flexible Spending Account (FSA). The frequently asked FSA questions below will help you understand how to make the most of this program and your paycheck.

General questions regarding Health Care and Dependent Care Accounts:

What is an FSA?

Provided by your employer, an FSA is a reimbursement account that allows you to set aside a certain amount of each paycheck, pre-tax, to help pay for your out-of-pocket medical expenses and/or dependent day care expenses. The amount you elect is deducted from gross earnings before federal and state taxes are calculated. By using your FSA to pay for qualified expenses you save on income tax... which means your take home pay increases!

Will I pay taxes on the money I set aside?

No. FSA contributions and reimbursements are exempt from Federal Income taxes, Social Security (FICA) taxes, and in most cases, state income taxes.

What kind of savings can I realize by participating in this program?

Actual savings depend on your tax bracket, but most people will save about 30% on their eligible health care and dependent care expenses.

Can I submit expenses I incurred before the beginning of the plan year?

No. Only expenses incurred during the plan year and while you are a participant are eligible for reimbursement.

How long do I have to file a claim with Gilsbar after the plan year ends?

You have a grace period (90 days) after the end of the plan year to submit expenses incurred during the plan year.

Can I change the amount of my election(s) in the FSA program during the plan year? (i.e. my glasses cost more than I anticipated, I miscalculated my daycare expenses for the year)

Generally, you may not change your FSA elections during the Plan Year.

However, you may change during the annual enrollment period for the coming Plan Year. There is an exception to this rule: you may change or revoke your deferral rate in the FSA if you have a Change in Dependent Status. Examples of a qualifying status change may include:

- Marriage, divorce, or legal separation
- Birth, adoption or placement for adoption of a child
- Death of a dependent or spouse
- Change in employment status of yourself or your spouse
- A significant change caused by a third party in the cost of your dependent care coverage

If I terminate employment, or participation in the FSA, what happens to the money left in my account(s)?

You will be reimbursed only for expenses incurred prior to your termination date, and submitted within the termination grace period. Any money remaining in your account(s) after the grace period will be forfeited.

GILSBAR Medical Reimbursement Account

The Health Care FSA is simple! Provided by your employer, a Health Care FSA is a reimbursement account that allows you to set aside a certain amount of each paycheck, pre-tax, to help you pay for your out-of-pocket medical expenses. The amount you elect is deducted from gross earnings before federal and state taxes are calculated. By using your FSA to pay for qualified medical expenses you save on income tax... which means your take home pay increases.

How does the Health Care FSA Work?

With a Health Care FSA, you must decide on your contribution amount at the beginning of the plan year. The amount you designate will be equally divided between pay periods. To estimate the out-of-pocket expenses that you, your spouse, and your dependents may incur, consider any standard co-pays, prescriptions, office visit, and over-the-counter medications and planned medical expenses, i.e. braces or LASIK eye surgery. An expense worksheet has been provided at the end of this section to help you determine the amount of money to allocate to your Health Care FSA.

The IRS requires you to forfeit any money that is left in the FSA at the end of the year. Generally, it is better to underestimate the expenses and pay a little extra tax than to overestimate expenses and forfeit money. To help avoid forfeitures, you will receive a notice of your balance prior to the end of each year.

You can access balance information online 24/7 via myGILSBAR.com. Select the "Reimbursement Account Center" link on the left side of the screen to view your balances. Once you decide how much you want to contribute each paycheck, the money is automatically deposited into your account. As you incur eligible expenses, fax your completed claim form and receipts to Gilsbar for reimbursement.

What is eligible for reimbursement under the Health Care FSA?

Eligible health care expenses may include deductibles, co-payments and amounts over the maximum your plan pays, expenses for routine physicals and other expenses not covered by your health care plan. For more complete listing please refer to the "Qualified Medical Expenses Eligible for Reimbursement" list below.

How do I get reimbursed?

For reimbursement of expenses covered under a health care plan:

- Ensure your expenses are submitted to your health carrier
- If you also have coverage through a spousal plan, you must submit your expenses to both carriers before you submit your expenses for FSA reimbursement
- Once processed by your health carrier(s), complete the Health Care Expense Claim form and attach a copy of the "Explanation of Benefits" showing the unpaid expenses
- For reimbursement of expenses not covered under a health care plan: (ex.: over-the-counter medicines) Complete the Health Care Expenses claim form and attach itemized bills for the expense.

FAX CLAIMS AND PROOF OF EXPENSE TO 866-635-1329

How much will be reimbursed?

When you submit a health care expense, you will be reimbursed for eligible expenses claim up to the maximum amount you elected for the plan year, minus any previous reimbursements.

Can I use my Health Care FSA for my family's expenses?

Eligible health care expenses incurred by you, your spouse, or any dependent that you claim as a dependent on your income tax returns are allowable for reimbursement.

If I don't have any medical insurance through my company, can I still participate in the Health Care FSA?

Yes. Out-of-pocket expenses for you and your dependents are eligible for reimbursement whether or not you are insured through your company. Health related expenses are reimbursable for your dependents, if you claim them as a dependent on your income tax returns (this definition of a dependent may be different than that used for your health insurance plan).

Is there anything I have to keep in mind when it comes time to file my taxes?

Expenses payable through your benefits program (or your spouse's, if applicable) are not eligible for reimbursement under the Health Care FSA. In addition, expenses reimbursed through your Health Care FSA cannot be claimed as a deduction on your income tax returns.

I am covered under both my health insurance plan and my spouse's. Do I have to submit medical expenses to both plans before I can file for reimbursement from my Health Care FSA?

Yes. IRS regulations do not permit reimbursement of expenses through the FSA that would otherwise be covered under your health insurance plan. Expenses should first be submitted to your health insurance plan(s), then send any remaining unpaid claims to Gilsbar for reimbursement.

If I have a question about my account, what should I do?

If you have any questions, you can access your account information 24/7 at myGilsbar.com, or you can call Gilsbar's Customer Contact Center at 1-800-445-7227 ext. 883.

Gilsbar Flex Debit Card

Beginning January 1, 2008, new IRS rules have simplified the use of Flex Debit Cards. These rules now require drug stores and supermarkets to identify FSA-eligible items at checkout and require the drug store or super market to only use the card for FSA eligible items. This means that you can use your Card at participating stores that offer this feature for the total FSA-eligible amount and NO receipts are needed to verify the eligibility of the purchase! And of course, you can continue to use your Card at pharmacies and other health care providers.

Please visit <http://www.sig-is.org/en/index.asp> and click on **SIGIS Merchant List** for the latest list of participating merchants.

Here's an example:

You have been purchasing prescriptions at a pharmacy in a local supermarket using your Card during 2007. On January 5, 2008, you go to the store to pick up a prescription. If the store has not made the change required by the IRS to identify FSA-eligible items, your Card may be declined at the point of purchase. In this case, you can transfer your prescriptions to a pharmacy in a participating discount store or supermarket, or to a freestanding pharmacy, or simply continue to turn in your paper receipts for reimbursement as you have previously.

Important point to remember:

If you use your Card on or after January 1, 2008 in a discount store or supermarket that is not participating — even if you purchased FSA-eligible items in the store prior to January 1, 2008, your Card may decline.

Here's how your Flex Card works at participating stores:

1. Bring prescriptions and vision products, OTCs and other purchases to the register at checkout to let the clerk ring them up.
2. Present your Card and swipe it for payment.
3. If the Card swipe transaction is approved (e.g., there are sufficient funds in the account and at least some of the purchases are FSA eligible), the amount of the FSA-eligible purchases is deducted from the account balance and no receipt follow up is required. The clerk will then ask for another form of payment for the non-FSA-eligible items.
4. If the Card swipe transaction is declined, the clerk will ask for another form of payment for the total amount of the purchase.
5. The receipt will identify the FSA-eligible items and may also show a subtotal of the FSA-eligible purchases.

How does the FSA Debit Card work?

Shortly after the start of the plan year you will receive your FSA Debit Card to use for your eligible medical expenses. If you are a current participant, your card will reflect the new plan year contribution amount on the new effective date of the plan. As you incur expenses, use your FSA Debit Card to have the funds taken directly out of your account so you don't have to pay with cash out of your pocket.

Where can I use my FSA Debit Card?

Your FSA Debit Card will only be accepted at authorized vendors that have the appropriate merchant codes, such as medical clinics, hospitals, dental offices, vision care centers and pharmacies.

If I use my FSA Debit Card, is verification of claims still required?

Per IRS requirements, verification of claims is required for all debit card transactions. A large portion of debit card transaction can be verified using one of the IRS' approved electronic methods; however, not all transactions can be verified electronically. For any expense that cannot be verified electronically, you must provide supporting documentation upon request in the form of an itemized bill or receipt to Gilsbar. Verification should include the patient name, date of service, description of services rendered, cost and patient liability. If Gilsbar does not receive verification within 30 days of the date requested you will be asked to return the un-verified amounts to your employer, or they may be counted as taxable income to you.

Are there special rules that related to prescriptions, over-the-counter (OTC) products, and vision expenses incurred at retail merchants?

Starting on January 1, 2008, new special IRS rules allow you to use your FSA debit card in participating discount stores and supermarkets that can identify FSA-eligible items at checkout. This means that you can use your card at participating stores for the total FSA-eligible amount and NO receipts are needed to verify the eligibility of the purchase! Important point to remember: If you use your card on or after January 1, 2008 in a discount store or supermarket that is not participating in the IRA program, even if you purchased FSA-eligible items there before, your card may decline.

Can I use my FSA Debit Card for eligible Dependent Care expenses?

No. Your FSA Debit Card may not be used to pay for eligible Dependent Care expenses. Your card will only be accepted at authorized vendors that have the appropriate merchant codes, such as medical clinics, hospitals, dental offices, vision care centers and pharmacies.

What happens if the FSA Debit Card is used for an ineligible expense?

Gilsbar will review all charges and determine if the card was used for an ineligible expense, according to IRS guidelines. If it was, we will notify you for repayment of the invalid amount. Failure to repay within 30 days of the request can result in the loss of your debit card privileges.

What should I do to pay for an expense that is more than my account balance?

You should tell the merchant to swipe your card for the amount equal to what is left in your account, then use another payment method to pay the remaining balance.

GILSBAR Dependent Care Account

The Dependent Care FSA helps you pay for child care services which make it possible for you and your spouse (if applicable) to work. It also may be used to help pay for the care of a disabled spouse or dependent.

The Dependent Care FSA creates tax savings on up to \$5,000 of daycare expenses. That can mean \$1,500 in tax savings enough to pay for weeks of eligible child or adult daycare!

How Does a Dependent Care FSA work?

A Dependent Care FSA is a reimbursement account that allows you to set aside a certain amount of each paycheck on a pre-tax basis to pay for your eligible dependent day care expenses. The amount you elect at the beginning of each plan year, is deducted from your gross earnings before federal and state taxes are calculated. By using your FSA to pay for qualified expenses you save on income tax...which means you have more money in your pocket!

To estimate your dependent care expenses, consider your expenses from last year. An expense worksheet is provided at the end of this section to help you determine the amount of money to allocate for your Dependent Care FSA. Remember, the IRS requires that all money in your account be used during the plan year. You can access balance information 24/7 online via myGilsbar.com. Select the "Reimbursement Account Center" link on the left side of the screen to view your balances.

Am I eligible to use the Dependent Care FSA?

To be eligible, you must be at work during the time your eligible dependent receives care. You must also meet one of the following eligibility guidelines:

- You and your spouse are both employed;
- You are a single parent;
- Your spouse is a full-time student at least five months during the year while you are working;
- Your spouse is physically or mentally unable to provide his/her own care; or
- You are divorced or legally separated and have custody of your child most of the time even though your former spouse may claim the child for income tax purposes.

Who is an eligible dependent?

An eligible dependent is defined as any person who can be claimed as a dependent for federal tax purposes and who:

- Is a child under 13 years of age;
- Is a child over the age of 13 who is physically or mentally incapable of caring for himself or herself;
- Is your spouse who is physically or mentally incapable of caring for himself or herself,
- An elderly parent who resides with you and is physically or mentally incapable of caring for himself or herself.

What expenses are covered?

Eligible dependent care expenses are those which allow you and your spouse, if you are married, to work or attended school full- time. Below are some examples of eligible dependent care expenses:

- Day care facility fees
- Before/after school care
- Summer day camp (not overnight)
- Nursery school or preschool, if child is too young for kindergarten
- In home babysitting fees, if not provided by another dependent and claimed as income by the care provider
- Private school tuition, K4 and above is not eligible for reimbursement

Is there anything I have to keep in mind when it comes time to file my taxes?

You are required to provide the name, address and taxpayer identification (or Social Security number) of the dependent care provider on your income tax return.

If you are unable to provide this information, both the tax credit and the exclusion for the spending account reimbursement may be denied by the IRS. Verify that this information is available before you elect to participate in the Dependent Care FSA.

Expenses reimbursed from this FSA cannot be used to claim a Federal Income Tax credit; therefore, you will have to determine which approach is best for you. You may even be able to combine the expense account and tax credits to reduce your overall dependent care expenses. However, the maximum expense you can claim when using both the tax credit and FSA is the tax credit limit (\$2,400 for one dependent or \$4,800 for two or more dependents), minus the amount reimbursed under the Dependent Care FSA.

How do I get reimbursed?

As you incur eligible expenses you must submit a completed Dependent Care FSA claim form to Gilsbar with proof of payment from your day care provider or from the individual who provides the care. Dependent Care FSA claims must include the federal tax identification number or Social Security number, name and address of the provider, dates of service, type of service rendered and name of dependent. The individual who provides the care cannot be your spouse or a dependent under the age of 19.

With a Dependent Care FSA, you will be reimbursed as you set funds aside. If you submit a claim for more than what has been set aside for that account, the unreimbursed claim portion will be placed in "pending" status until funds are received through payroll deduction at which time you will receive reimbursement.

FAX CLAIMS AND PROOF OF EXPENSE TO 866-635-1329 FOR PROCESSING.

Can I pay my in-home daycare provider through the Dependent Care FSA?

Yes. You can be reimbursed from your Dependent Care FSA for any qualified daycare expenses, whether performed in your home, the provider's home or a "daycare center". Receipts for the expenses and the caregiver's Tax ID number or Social Security number must be provided.

I'm divorced; my ex-spouse claims our child as a dependent for tax purposes. I pay for child care. Can I use the Dependent Care FSA?

If your child resides with you most of the year, you can use the dependent care account to pay for child care services. However, you might want to call your tax advisor to discuss your particular circumstances before you elect to participate in the account.

If I have a question about my account, what should I do?

If you have any questions, you can access your account information 24/7 at myGilsbar.com or you can call Gilsbar's Customer Contact Center at 1-800-445-7227 ext. 883.

Cancer Can Affect Anyone

Statistics Predict:

- Cancer will strike one in every two men and one in every three women in the U.S.*
- One out of eight women will develop breast cancer in her lifetime*.
- One out of every six men will develop prostate cancer*.
- The number of people with cancer will double in this decade**.

Are you prepared for the cost of cancer?

Your medical insurance covers most of the **direct** charges such as hospital and physicians' bills, but **may not cover** these **indirect** costs:

- Loss of wages while caring for a family member
- Loss of wages while you receive treatment
- Everyday living expenses and bills
- Childcare
- Home health care expenses
- Transportation for non-local or specialized treatment centers
- Experimental treatment
- Meals eaten out, fast food for family at home
- Lodging during non-local treatment

In fact, non-medical costs account for **67 percent** of all costs associated with cancer*. Many Americans find themselves financially strapped as the result of the battle against cancer or a specified disease, even with medical insurance.

Extra cash when you need it. Here's how it works:

- We provide **cash benefits** to you.
- You use the money to meet **your needs** - loss of income, house and car payments, transportation for treatment, other bills, etc. These non-medical expenses of cancer may not be covered by your major medical insurance.

**Cancer Facts & Figures, American Cancer Society, 2001.*

***Report from the American Hospital Administration.*

Plus, you get these unique features:

- Guaranteed renewable for life. You can't lose your coverage, as long as you continue to pay your premiums.
- Cash benefits paid to you regardless of any other medical insurance plan you may have.
- Provides cash to offset the costs of 30 other diseases.
- Coverage is portable. Employees can keep the coverage if they change jobs.

Selected benefits paying cash to you:

- Cancer Screening Tests
- Chemotherapy, Radiation, Immunotherapy, or Radioactive Isotopes Therapy
- Experimental Treatment
- Individual/Family Transportation and Lodging

Ameritas Managed Care Products

- Employers achieve a balance between cost efficiency and employee choice.
- Plan members are free to receive care from any dentist they choose. Their out-of-pocket expenses are generally lower when using PPO dentist who have agreed to provide dental care at contracted fees.
- Over 70,000 PPO provider access points are available nationwide.
- PPO network dentists must meet our credentialing and quality assurance evaluation requirements.

Passive PPO

In passive PPO, the coinsurance, deductible and maximum are the same for the member in and out-of-network. The only difference is the claim allowance. There is an incentive for the member to see an in network dentist; however, there is no penalty for seeing an out-of-network dentist. As with all Ameritas PPO Solutions, the member has the liberty to choose any dentist they wish. However, they will usually save out-of-pocket costs by seeing an in-network dentist.

Passive PPO-Deductible Reduction

Deductible Reduction continues the difference of in-network and out-of-network claim allowance and allows a reduced deductible for those who visit an in-network dentist. As with all Ameritas PPO Solutions, the member has the liberty to choose any dentist they wish. However, they will usually save out-of-pocket costs by seeing an in-network dentist.

Commonly Asked PPO Questions

Guilford County Schools is proud to provide our employees with a new dental program effective October 1, 2008, administered by Ameritas Group. The plan provides excellent coverage for you and your eligible dependents. Please refer to the plan highlight for more details. As an added bonus, our plan includes access to Ameritas' Participating Provider Organization (PPO).

Do I have to use an Ameritas PPO provider?

No, employees and their covered dependents may utilize any licensed dental provider that they choose.

Please note, there is no difference in the coinsurance, deductible, and maximums on either plan whether a PPO provider is utilized or not.

Why would I use an Ameritas PPO provider?

By using a PPO provider:

- A Participating Provider is a dentist who has entered into an agreement to provide services to insured members of Ameritas' plans for at a specific fee. Any insured member who chooses to go to a PPO provider will receive this discounted fee for procedures performed by that provider.
- As part of their contractual agreement with Ameritas, the PPO provider cannot "back-bill" the patient for the difference between the dentists' normal charges and the discounted fees that the dentist agreed to charge as an Ameritas PPO provider.
- PPO providers are required to file the claim for the patient.
- PPO providers are required to wait for reimbursement from Ameritas before billing the patient for any balances owed for deductibles, coinsurance, any amounts exceeding the annual maximum benefits, etc.

PPO providers are available in many areas; please visit the Ameritas website at www.ameritasgroup.com to search for a provider in your area.

What happens if I don't use an Ameritas PPO provider?

For members that do not want to utilize an Ameritas PPO provider, or if a PPO provider is not available in your area:

- Guilford County Schools wants employees to have options regarding their choice of providers. In addition, we want to ensure that employees that utilize non-panel providers receive exceptional benefits that reimburse claims for non-panel providers in the most optimal way. Non-panel providers can charge their standard fees for any service. ***However, the amount Ameritas allows for each procedure for non-panel provider utilizes 90th percentile of U&C – which is considered to be one of the highest reimbursement levels in the industry. This means that 9 out of 10 dentist's charges will fall within the amount that Ameritas allows for each procedure.*** In doing so, employees can feel comfortable that very little back billing will occur due to the amounts allowed by the plan.
- Non-panel providers have no specific requirements regarding filing of claims. However, we have found that many dentists will assist the patient with the paperwork needed to file the claim. If a dentist is not willing to file the claim on the patient's behalf, the patient can simply attach the dentist's bill to a claim form that includes the patient's name and identification number, and fax or mail the claim to Ameritas for processing. Ameritas will process the claim, typically within 7-10 working days. Claim payment can be made to the patient or directly to the dentist if noted on the claim form. The patient can use Ameritas' claim forms which are available in the Benefit's Department or on Ameritas web site (this will be available via our Intranet in the near future), OR the patient can use any generic claim forms that the dental office may have available. Filing claims is fast and easy with Ameritas!

HOW TO USE YOUR BENEFIT

Procedure when using a Superior Vision Plan in-network provider:

- Identify yourself to the in-network provider as a member of the Superior Vision Plan. You can use your ID card for this purpose or simply give the provider your name, employer name, and your social security number. The provider will call SVS Member Services to verify your eligibility and obtain an authorization number. The ID card provided to you can be used for all covered family members.
- After eligibility is established, and an authorization number is received by the provider, services will be rendered. There is nothing else that you need to do except pay the provider directly for any appropriate co-payments and charges above the covered benefits. The in-network provider handles all claims and paperwork.

Procedure when using a Superior Vision Plan non-network provider:

- To receive services from a non-network provider, it is important that you first call Superior Vision Services Member Service Department at 800-507-3800 to receive your own authorization number. By doing so, you can be assured of your eligibility and reimbursement for money spent.
- After receiving services and paying in-full for the examination and/or materials (you do not pay a co-payment to the non-network provider), submit your original itemized billing received from the provider, along with your authorization number, to the SVS Claims Administration office listed on the next page.
- You will be reimbursed according to the schedule of allowances for non-network providers, less any required co-payments.

DEFINITIONS OF CONTACT LENSES

Contact Lenses, Elective/Cosmetic

Elective/Cosmetic contact lenses are those that are worn solely for cosmetic or convenience reasons. They are chosen because they are preferred over the wearing of conventional eyeglasses. Contact lenses covered by the Plan must contain a prescription for correcting a vision deficiency. Charges over the benefit allowance are paid directly to the provider.

Contact Lenses, Medically Necessary

These lenses must be specifically prescribed by the eye doctor to be used for the reason or reasons described below. Reimbursement for these lenses will be considered as payment-in-full when utilizing an in-network provider.

- Aphakia (after cataract surgery without implant lens)
A pair of prescription single vision or multifocal eye glass lenses and an eyeframe can be provided along with contact lenses prescribed for this reason.
- When visual acuity cannot be corrected to 20/70 in the better eye except through the use of contact lenses (must be 20/60 or better).•
Anisometriopia of 4.0 diopters or more, provided visual acuity improves to 20/60 or better in the weak eye.
- Kerataconus

Note: The narrowing of visual fields due to high minus or high plus corrections is not considered a reason for medically necessary contact lenses.

Contact Lens Examining Fee:

Most providers charge a fee for the fitting of contact lenses. This fee is separate from the eye examination and will vary depending on the provider's fee structure policies. It will also vary due to circumstances or complexities involving the physiological condition of the eyes, the lens prescription, and the type of lenses used. The contact lens exam/fitting fee may be included in the contact lens allowance.

Assurity Life Hospital Indemnity Plan

Effective Date: October 1, 2008

Hospital Indemnity...The Key to In-patient Protection

Few of us look forward to a hospital stay, but inevitably hospitalization happens in most families. Being admitted to the hospital for a scheduled surgery, a heart problem, a lingering illness, or an accident is trauma enough. No one wants to lay in a hospital bed or sit in the waiting room worrying about how the bill is going to get paid.

The Assurity at Work Hospital Indemnity Plan is protection from hospital bills that could cripple you financially.

How much will the gap in your health insurance cost you?

In the last decade, hospital costs as well as medical expenses have gone through the roof. Health insurance benefits rarely cover 100% of every hospital charge. Your out-of-pocket costs can include your plan's deductible, co-payment and policy maximums. Most people don't keep enough cash on hand to cover these expenses without feeling some financial strain.

The Assurity at Work Hospital Indemnity Plan pays over and above (except Workers Compensation) any other insurance benefits that you may have when you are hospitalized. It "fills the gaps" in your current insurance with a straightforward daily benefit payment to help cover expenses resulting from your stay.

When you need it – you'll be glad it's there.

U.S. Hospital Costs versus Money out of Your pocket¹:

- Average cost of hospital stay - \$1, 006 per day
- Average length of hospital stay - 6.2 days
- Average cost per hospitalization - \$6,225

Can you afford to pay your health insurance deductible and co-payment of 10-20% or more?

¹ 1998 *Statistical Abstract of the United States* (U.S. Department of Commerce) based on 1996 statistics.

It's smart, it's simple - it's the key to filling in the gaps in your health plan coverage. Protect yourself from out-of-pocket hospitalization expenses...it's the smart thing to do. Take the opportunity to visit with the insurance professional your employer has authorized. Plan to have Assurity at Work.

Disability Is A Fact of Life

- 27,000,000 Americans are currently on disability.
- 6.85 out of 100 people between the ages of 20 and 35 will suffer a disability that lasts 3 months or longer.
- If a disability lasts longer than 3 months, its average duration is 2.9 years at age 30, 3.9 years at age 40 and 4.5 years at age 50.
- **48% of all home foreclosures done in this country today are a result of disabilities, only 3% are due to premature death.**
- Death rates are down; disability rates are up.
- At ages 35 - 40, your chances of being disabled are twice as great as those of dying.
- Workers' Compensation rates recently rose again. Analysts attribute this in part to the inclusion of stress on the job as a possible claim.
- Each year, the statistics average as follows:
 - 1 in 106 people die
 - 1 in 88 homes catch fire
 - 1 in 70 cars is involved in a serious accident
 - 1 in 8 people are disabled
